

System requirements:

Operating system – supports Windows 8.1 and 10.

Does not support Windows XP, 7 and 8.

Processor:-

Minimum requirements – AMD or INTEL Processor 2 GHz and higher.

We recommend AMD or INTEL Processor 3 GHz and higher.

Memory:-

Minimum requirements – 4 GB memory.

We recommend 8 GB memory.

Disk space:-

10 giga free on the computer's internal disk.

For your attention - if your computer meets the minimum requirements you should know that the Otzar HaChochma will work slowly, especially if you have other programs open at the same time.
