בס"ד 6/25/17

Dear Customers,

The Otzar HaHochma update 15.0, published six months ago during the winter of 2017, was extremely well received by those who use the program.

 At this time, as every year, the Otzar HaHochma 15.0 update is available at 30% off the original price. This offer is available until the end of August, ט' אלול. We understand that many of our customers are on vacation at this time of the year and we want to offer them as well the option of upgrading.

Based on our records, you have not upgraded to Version 15.0. The following upgrade pricelist includes an average discount of 30% and is calculated based on the current dollar exchange rate. To take advantage of this opportunity, please place your order before the end of the sales event.

 Version 15.0 pricelist

* Upgrade from version 14.0 to version 15.0 and the addition of 5,000 new books – $155 instead of $210.

* Upgrade from version 12.0 , 13.0 to version 15.0 and the addition of 10,000-15,000 new books – $280 instead of $390.

The cost of the package is $480. We should mention that the price for the Oz VeHadar package was set by them alone, without our involvement. **Furthermore, these books are being offered on the condition that they may not be printed, but are solely for viewing**.
