

# Otzar HaHochma

The world's largest digital library of Judaic books

POB 23609, Jerusalem | www.otzar.org | otzar@otzar.biz | ++972-2-5866078

## Dear Customers,

The Otzar HaHochma update 16.0, published six months ago during the winter of 2018, was extremely well received by those who use the program.

At this time, as every year, the Otzar HaHochma 16.0 update is available at 30% off the original price. This offer is available until September 6, 2018, ב"ו אלול תשע"ח.

Based on our records, you have not upgraded to Version 16.0. The following upgrade pricelist includes an average discount of 30% and is calculated based on the current dollar exchange rate. To take advantage of this opportunity, please place your order before the end of the sales event.

### Version 16.0 pricelist:

- \* Upgrade from version 15.0 PLUS 5,000 new books (~~\$215~~ \$160)
- \* Upgrade from version 14.0 PLUS 10,000 new books (~~\$375~~ \$265)
- \* Upgrade from version 13.0 PLUS 15,000 new books (~~\$400~~ \$285)
- \* Upgrade from versions 12.0 PLUS 20,000 new books (~~\$450~~ \$315)
- \* Upgrade from version 11.0 PLUS 25,000 new books (~~\$480~~ \$350)
- \* Upgrade from version 10.0 or earlier PLUS 30,000 and more new books (~~\$520~~ \$375)
- \* Purchase of 2TB hard drive - \$110
- \* To update a network station - \$25

For those who have not yet purchased all or some of the additional packages: since you will have to send the hard drive to our office in order to upgrade to version 16.0, we would like to suggest that you use this opportunity to purchase additional packages offered by us:

511 books published by Machon Yerushalayim (including Otzar Mefarshei Hatalmud) \$260. Machon Yerushalayim's Otzar Mefarshei Hatalmud – \$30 (Otzar Mefarshei Hatalmud is only available to those who have previously purchased the complete Machon Yerushalayim package without Mefarshei Hatalmud). 570 books published by Ahavat Shalom \$200. 60 books published by Machon Ofek – \$170. 127 books published by Machon Chochmat Shlomo – \$100. 46 volumes of the Talmudic Encyclopedia - \$110. 6'600 Chabad books covering the various generations of Chabad \$60 instead of \$95. 445 books published by Oz Vehadar \$490. 1,090 books published by Mosad Harav Kook (815 books in the Bnei Torah edition) \$290 instead of \$350 only until 7/13/18, א' אב תשע"ח.

Please note: NYS Sales Tax applies for NYS residents, only.

**Purchasing a new hard drive** - Some of our customers have a 500, 640 or 750 GB hard drive. In order to upgrade to version 16.0, these customers will have to purchase a new and bigger drive capable of storing all the new materials included in this and future upgrades. The cost of a 2TB hard drive is \$110.

\* You can check the capacity of your disk by clicking My Computer then right-clicking Otzar HaHochma/Properties.

We had assumed, these past few months, that customers with a 1 terabyte hard drive would have to switch to a larger-capacity hard drive. However, with G-d's help, *we have managed to keep the capacity down so that the hard drive can still accommodate Upgrade 16.0.* We ask that all of our customers with 1TB hard drives make sure that the hard drive is **free of any private content unrelated to Otzar HaHochma, such as backups, images, music, etc.** Customers who have added their own **pdf files** to the program will have to switch to a 2TB hard drive, or **delete their pdf collection** from the program.

### **New option in version 16**

In this version we have added the option of transferring data from the Otzar HaChochma hard drive into the user's own hard drive.

This option enables Otzar HaChochma to be operated directly from the personal computer, without having to connect or transport the external hard drive.

It should be noted that the option requires the user to have 1 terabyte of available internal hard drive space (with sufficient capacity for all of the contents). Thus, we recommend purchasing a **2TB internal hard drive at the very least**.

We recommend, in general, that you use a qualified technician to copy the disk and install the software according to the detailed instructions provided. **Otzar HaChochma's Support Department is not responsible for this area.**

For this usage format, we are adding a protection plug in the form of a mini-USB flash drive that does not protrude from the computer and does not need to be removed from it. Users of this option will need to obtain, once a year and every year, a user code (a year after use begins, the computer will ask for a code).

For those wishing to purchase this option, the price is **only \$60**.

### **Upgrade Process Details**

The hard drive must be sent to us for adding new books. (Please send it without any external cardboard box, papers, or wires, and after removing all personal materials copied onto it). We require approximately 48 hours for copying the information.

The hard drive should be packaged well so as to prevent external damage. We do not assume responsibility for returning any external accessories packaged with the hard drive (such as boxes, towels, etc.). Fill out all the required details in Version 16.0 update form appended to this letter, in clear and legible handwriting and enclose with the hard drive. Also, please arrange payment for the update **before sending the hard drive**.

Credit card payments may be made by phone or by filling out your CC information including card name, credit card number, "valid until" date, the CVC code, billing zip code and number of installments requested, on the update form. Payment may be made in up to five equal installments. **We will not be able to process updates before payment has been approved.**

Please mark the packages that you would like to add to your order and fill in the required payment information (including shipping) on the version upgrade form.

For new purchases and updates in Canada, please contact:

Aharon Sela

**Please note the new address in Hamilton (near Toronto):-**

70-100 Beddoe Drive

Hamilton, ON

L8P 4Z2

Canada
